

Mission Medical Brief

MISSION Three-country executive travel, 6 days	PARTY Principal + 2 staff, 3-person protective detail	PRINCIPAL HEALTH Reviewed by OTX physician; held separately	PHYSICIAN COVERAGE Pre-brief + 24/7 on-call, wheels-up to wheels-down
---	--	--	--

01 ITINERARY MEDICAL PICTURE

STOP	RISK	PRIMARY FACILITY	CAPABILITY VERIFIED	EVACUATION
London Days 1–2 · Urban	LOW	Regional major trauma centre · 12 min by ground	Trauma, 24/7 cath lab, neurosurgery, stroke unit	Not anticipated. Repatriation by air ambulance if prolonged care needed.
Dubai Days 3–4 · Urban, heat	MODERATE	Private tertiary hospital · 18 min by ground	Trauma, 24/7 cath lab, ICU; English-speaking ED attending confirmed	Definitive care in-country. Heat-illness plan for outdoor events.
Nairobi + field site Days 5–6 · Limited infrastructure	ELEVATED	Private tertiary hospital in capital · 25 min city; 3.5 hr by road from field site	Cath lab, ICU; trauma and neurosurgery coverage variable — call ahead	Fixed-wing from field airstrip (~1 hr) to capital; onward regional or European transfer for definitive care.

02 ESCALATION TRIGGERS

Treat on scene, continue Minor injury or illness, stable vitals, managed with team kit.
Move to primary facility Chest pain, fainting, head injury with any loss of consciousness, fever over 39 °C at field site, dehydration not improving.
Initiate evacuation Needs care the current stop can't provide, or worsening within 2 hrs. At field site: anything needing admission.
Decision authority Detail lead with OTX physician. Principal's preferences documented before travel.

03 FIELD-SITE EVACUATION PATH

T+0	Point of injury · stabilize, call OTX physician
T+15m	Activate air ambulance · guarantee of payment pre-cleared
T+40m	Ground to airstrip · daylight-only strip; night plan below
T+2h	Fixed-wing to capital · met by ground ambulance
T+3h	Primary facility · ED pre-notified by OTX
After dark: 3.5 hr ground transfer to capital; hold at nearest stabilizing clinic if unstable.	

04 COMMS, ROLES & READINESS

OTX physician 24/7 by phone and secure messaging. Pre-notifies receiving hospitals; coordinates transfer.	Detail lead Activates the plan, controls movement, single point of contact to the principal's office.	Team kit & records AED, trauma kit, principal's medication list and records release on file before departure.
